These apartments are currently managed by Bridgestreet Global Hospitality. Beekman Tower is in an area populated by Fortune 500 companies and trophy office buildings, benefitting its corporate housing clientele. Residents of the property are close to retail, restaurants as well as Grand Central Terminal.

“Meridian worked with the lender to structure a tailored solution that allowed the client to obtain a long-term permanent financing option for a building that was not yet fully stabilized,” said Adler. “We negotiated a market rate loan with interest-only payments for more than 10 years, providing ample time to continue the execution of the business plan.”
