Adler Windows hires Roser as 100th employee and operations administrator

July 18, 2017 - New York City

Queens, NY According to Adler Windows, Shayna Roser has joined the company as an operations administrator and their 100th employee.

Roser will assist in managing Adler's installation teams, overseeing all scheduled installations and assisting in engineering projects. Her previous roles include estimator for City Window Fashions and LVC Interiors, as well as project manager/drafter at Salient Architects.

"Bringing Shayna on board was a no-brainer," says Ross Adler, President at Adler Windows. "With a Degree in Business Administration and her impressive background in the Construction Industry, we are fully confident that her experience and skills will be immensely valuable to our team. Shayna joins Adler Windows as our 100th employee, this is a major milestone for the company and we are thrilled to have Shayna mark this occasion."
