Manhattan, NY Jonathan Mechanic, chairman of Fried Frank's industry leading real estate department, was the guest speaker at the YM/WREA's September 12 luncheon, which was held at the University Club.

A member of the YM/WREA for almost 30 years, Mechanic spoke to a gathering of top real estate professionals about law firms in the marketplace, the amount of space they occupy and how they approach leasing issues in a competitive market. Mechanic, who is the only practicing lawyer in the organization, noted that law firms account for 10% of the tenancy in the real estate market.
