

BuildingFacts, LLC named a leading AR/VR tech solution provider

April 03, 2018 - Upstate New York

Buffalo, NY BuildingFacts, LLC. is a full service construction documentation? company that provides AR/VR solutions for commercial and residential construction. Being among the first of its kind, the company has been recognized by CIO Review and The Technology Headlines as an upcoming leader in the AR/VR sector. BuildingFacts Archive's core competency, ?ExactVision? and QuickSheets??, seamlessly integrate into their Virtual Reality Interface? to provide users a "one of a kind" experience that allows them to interact with their buildings and homes in a whole new way.

Anthony Grande, COO of BuildingFacts, said, "It has been an interesting ride for BuildingFacts. To receive recognition is refreshing and it helps us to know that we are on the right path.? For a time we didn't know what reception we would receive but we knew it is a great idea and has several benefits."

The "BuildingFacts Archive" is being utilized by major organizations throughout the construction industry. This includes General Contractors, Construction Management Firms, Owners, Developers, Design-Build Firms, Lenders, Underwriters, and Real Estate Agencies. Countless Universities, Municipalities and Wastewater Treatment Plants in both New York and California have found the Archive system to provide a simple & easy way to manage their properties.

Grande said, "?We believe we have created the ultimate tool in Building/Home Management and Maintenance. People don't realize how much they don't know about their biggest asset and we provide an interesting and helpful solution to know your building better.?"
