What are some of your biggest accomplishments in the last 12 months?

I am celebrating one year with EverGreene Architectural Arts this September. Over the last 12 months, I have had the pleasure of celebrating the company's 40th anniversary through a series of national events; am in process of developing a new website platform to upgrade our technology; and was part of the company's first acquisition this past May. EverGreene welcomed Conservation Solutions Inc., based in the metro D.C. area, to strengthen our conservation services and become the official leader in architectural arts and artifact preservation across the U.S.
