What was your most notable project, deal, transaction or professional achievement in 2018?

I personally could not have created the opportunities and accomplishments that I have realized without the team I work with in our respective markets that provides local knowledge coupled with our unmatched reach across New York State. Cushman & Wakefield/Pyramid Brokerage Co. has 10 strategically placed offices located throughout New York State and we can service any commercial real estate asset anywhere upstate north of New York City for brokerage services or property management services. My colleagues in each of our offices offer our clients long-term, local expertise, boots on the ground, as well as a single point of contact for owners of single or multiple assets across the state.
