

Crystal Windows launches new logo

April 11, 2011 - Design / Build

Crystal Window & Door Systems, the award winning national manufacturer, has introduced a new corporate logo. The bold, bright modern design of the new logo utilizes large solid block font lettering stylized to represent gemstone crystal prisms. The new logo was introduced to commemorate the company's 20 years of growth since startup in 1990 and to inaugurate its role as a national fenestration industry leader. Crystal will phase in the new corporate logo over the coming months.
