What do you do now and what are you planning for the future? The firm provides solutions that will reduce energy consumption and improve the indoor air quality for all of the built environment primarily involving the HVAC while reducing costs. We offer solutions to reduce energy consumption in other building areas as well in a myriad of ways as well as providing non toxic solutions to difficult challenges in facilities. We expect to be the most trusted, reliable source for all cost saving and sustainable solutions.

Hobbies: Golf, boggle

Favorite book: "Liar's Poker"

Favorite movie: "The King's Speech"

Person you admire most (outside of family): Sam Walton

Keys to success: Perseverance, great listening skills, integrity

If you had to choose another vocation what would it be? Public advocate
