

Best Business: EarthKind Solar

April 25, 2011 - Green Buildings

EarthKind Solar was founded to provide solar thermal solutions that minimize the financial and environmental costs of energy. We are proud to have become a leading residential and commercial solar thermal provider. Our team shares 50 years of combined experience in designing/installing solar thermal systems and are pioneers in the development of the renewable energy market. Phönix SonnenWärme AG, our European technology partner has installed 40,000 systems world-wide. They have developed superior products that are environmentally-friendly and above all, efficient and reliable. EarthKind Solar now offers this innovative and proven technology integrated right here in America.
