What do you do now and what are you planning for the future? Built Ecology provides design advice and quantification of building performance issues, including energy, water, daylight and thermal comfort. We will expand our geographical spread of these services to our client base to further create buildings that use less resource and are simply better places to be.

Hobbies: Cycling, cricket, rugby

Favorite book: "Millennium Series"

Favorite movie: "Braveheart"

Person you admire most (outside of family): John McLean (completed the Iron Man world championship in Kona - without the use of his legs)

Keys to success: Respect, honesty, determination

If you had to choose another vocation what would it be? Professional golfer (you get paid per stroke - right?)
