What do you do now and what are you planning for the future? Syska's breadth of services today goes far beyond the design of building systems to include the implementation and perfection of processes that drive our clients' success. Designing Information Technology Infrastructure, Audiovisual and Security Systems demands global best practices in consulting, engineering, technology and construction. We design audiovisual systems that not only bring you closer to your clients and fellow employees, but also give you the technically savvy tools and image that so many of today's business leaders demand.

Hobbies: High-tech gadgets and blogging, volleyball, spinning, fishing & boating, water gardening

Persons you admire most (outside of family): People that constantly seek for perfection

Keys to success: Love what I do and be passionate about the continued improvement process.

If you had to choose another vocation what would it be? Technology analyst
