What your firm does now and its plans for the future? Energime Energy Efficiency (E3) is part of the Energime family of global companies that all share the same honorable goal of trying to re-establish a sustainable balance to the world. E3 guides our clients through the entire process of planning, inspection, analysis, cost planning, implementation, and maintenance of a system solution designed to maximize overall utility savings for their sites. We integrate sustainable infrastructure, retrofit existing sites and systems, introduce new operational protocols, providing continuous over-site, monitoring, and offer education/training opportunities to the people and groups we work with. We are proud of the fact that our many esteemed associates and business partners give us a level of capability and experience unmatched in this industry.
