

myCREOpint launches real time intelligence hub

May 13, 2013 - Design / Build

myCREOpint.com has launched an advanced customizable real time business intelligence hub for the global commercial real estate industry. myCREOpint delivers 300 channels focused on commercial real estate topics such as CRE debt, private equity real estate, green buildings and REIT IPOs; industry leaders like Sam Zell; companies such as Simon Property and assets like the Empire State Building. Subscribers get access to clean feeds of relevant information organized and preset in each user's own personalized news hub.

myCREOpint also features a "celebrity pack" that tracks in a single channel everything real estate that has been said by or about Barry Sternlicht (Starwood Capital), David Simon (Simon Property), Donald Trump (The Trump Org.), Jeff Schwartz (Global Logistic Props.), John Paulson (Paulson & Co.), Jonathan Gray (Blackstone) Larry Silverstein (Silverstein Props.), Li Ka-shing (Cheung Kong), Michael Fascitelli (Vornado), Olivier Piani (Allianz RE), Robert Schiller (S&P/Case-Shiller indices), Sam Zell (Equity Group Investments), Tom Barrack (Colony Capital), Warren Buffett (Berkshire Hathaway) and Zhang Xin (SOHO China).

For example, users of myCREOpint will be able to see only real estate related news about Donald Trump without the hundreds of articles and tweets a day about politics, his NBC Apprentice Show or Trump's Beauty Pageant.

myCREOpint mines 40,000 property-relevant articles, videos, blogs, tweets and forum posts to bring relevant info in real time to commercial real estate professionals "who can now be more productive in the office or on the road," said myCREOpint co-founder JC Goldenstein. "What differentiates myCREOpint is its ability to identify, qualify and present the most influential and best industry sources by topic directly and instantly to your mobile device or desktop."

myCREOpint's "noise-canceling" technology filters out redundant headlines, false positives, specific time wasting tweets, profanities and other irrelevant links.

"We in the industry have long known that what we don't know can badly hurt us. myCREOpint was created in response to leaders in the real estate industry who said they needed a faster, more efficient way to help them mitigate risk, generate business and save time by cutting the daily email overload but still get the tidbits of value they need," said Jeffrey Finn, former CEO of NAI Global, and a lead investor in CREOpint, Inc.

myCREOpint has been under intensive development for over two years by a global team that combines top technology and real estate minds, with support from an Advisory Board that includes Patrick Brennan, vice president Business Development Hearst and former publisher of FT.com, Phil Schlein, former board member of Apple Computers and R.H. Macy; Michael Evans, former global head of the real estate practice at Ernst & Young; and Andy Stone, CEO of Petra Capital Management.
