What do you do now and what are you planning for the future? I work with designers and end-users creating new business opportunities for commercial flooring as well as flooring maintenance. We exclusively represent a wood flooring line from Italy which the design community has taken a huge interest in. We are currently in the middle of an office move which is really exciting. The new space will allow us to continue and improve our education seminars.

How do you unwind from a busy day in real estate? A glass of wine and spending weekends at the beach.
