December 23, 2013 - Spotlights

What was your greatest professional accomplishment in 2013?

Our growth throughout the recession positioned the firm to take advantage of the recovering economy in 2013. Stalco has worked on several very significant commercial, healthcare, and institutional projects and has won new clients. The most interesting current projects include the \$24 million renovation and sound mitigation at the Vaughn College of Aeronautics and Technology in Queens and a series of healthcare and research facilities for the SUNY College of Optometry, the Lincoln Medical and Mental Health Center, and the Nassau University Medical Center.
