What was your greatest professional accomplishment in 2013?

ACC was fortunate to build strong relationships with many new clients in 2013 while increasing the volume of work from our wonderful and valued existing clients as well. One of our newest clients is Hofstra University which is personally very exiting since Hofstra is my alma mater, and I am a member of the Hofstra Women in Leadership Committee.

ACC was awarded the complete renovation of the entire multi-purpose room located in the Student Center. I feel incredibly fortunate to be back at the University in both helping undergraduate women with their careers, and building great spaces for the next generation as well.
