

Jerome Aluminum Products Corp. provides glazing services for The Standard Hotel New York

February 10, 2014 - Design / Build

Jerome Aluminum Products Corp. (Jerome Aluminum Products) has provided intricate interior and exterior glazing services for The Standard Hotel New York, located at 848 Washington St.

With over 50 years of specialized experience as New York's leading glazing contractor, Jerome Aluminum Products completed a number of sophisticated glazing services and product installations for the hotel, including mirror glazing and shower doors throughout the building, full ceiling mirrors in the lobby and unisex restrooms, as well as various mirror and glazing projects throughout the restaurant, bar and amenity spaces. Only the highest quality of glass and metal finishes were used throughout the building in order to uphold the innovative and elegant aesthetic of The Standard.

Jerome Aluminum Products was selected for this project because of the firm's track record of completing glazing projects of large size and complexity with a distinctive combination of skill and professionalism. The Standard was impressed with previous glazing work that Jerome Aluminum Products had completed with Pavarini Construction Co., convincing them to award the firm with the project bid. The mirrored ceiling of the hotel lobby, the glazing of the large shelving units in the restaurant and the decorative glass of the 18th floor club area presented unique project challenges, but Jerome Aluminum Products' experienced team was able to overcome them and get the job done with the expert skill and precision that the firm is well known for.

Family-owned and operated for over 50 years, Jerome Aluminum Products has been providing premium glazing products, professional glazing services and sophisticated installations to the New York metropolitan area. With a team of expert craftsmen, Jerome Aluminum Products specializes in all facets of architectural glass and aluminum and has extensive expertise working on projects of all sizes and scopes with a commitment to accuracy and timeliness. As part of the Jerome Service Group, Jerome Aluminum Products' mission is to provide the highest value to customers by offering outstanding service, quality products and competitive prices.
