

Meet the LICN Member - Dank

July 14, 2014 - Long Island

Richard Dank is a licensed public insurance adjuster, representing all named insured's in the event of property damage. They do not represent the insurance companies; they are an adversary to the insurance company. They level the playing field to make sure clients receive the maximum settlement possible. They solely prepare, present, negotiate and settle claims on behalf of the policyholder. In the event of a fire, flood, pipe break, hurricane, windstorm, collapse or any other covered peril, they have the knowledge, experience and staff to support and protect your client whether it is a small water loss or a catastrophic event.
