

NYCREW holds Annual Gala; Larijani of UBS Financial receives Empire Award

December 15, 2014 - Front Section

Queens of the Empire: A highlight of the Annual Gala held by The New York chapter of Commercial Real Estate Women's Network (NYCREW) was the presentation of the Empire Award to Leila Larijani (center), Senior Vice President of Wealth Management of UBS Financial Services, a sponsor of the organization's annual Global Trends panel, and a member of numerous committees. This singular honor, given for outstanding dedication and service to the chapter and the industry, was founded and sponsored by NYCREW and CREW Network board member Faith Hope Consolo (right), Chairman of Douglas Elliman's Retail Group. Ms. Consolo also created the Founders Award, a comparable honor from the Association of Real Estate Women (AREW), during her term as President. The gala was the last for NYCREW, which will merge with AREW to form CREW New York in 2015, but the newly combined organization will present both the Empire and Founders Awards next year to recognize the achievements of its members. Pictured, from left: NYCREW past President Karen Dome, Senior Associate at Marcus & Millichap, who presented the award; Larijani; Consolo.
