Effective immediately, McDonnell, a 15-year veteran of the real estate industry, becomes a principal of Avison Young. McDonnell will work closely with Mirante and Sean Cahill, Avison Young principal and managing director of the company's Fairfield/Westchester office, to build and grow Avison Young's regional healthcare real estate practice, with a focus on high-level recruiting and business development.

Through his diverse expertise, McDonnell will also assist his new colleagues with tenant and landlord requirements in the office and industrial sectors.

An expert in medical-practice expansion and strategic planning, McDonnell has initiated healthcare growth and expansion programs as well as physician management initiatives for local and national firms. As we look to build on the momentum that we have established in the Tri-State market, Sean's specialized expertise will be a considerable asset in helping us to identify new avenues for business growth and development."

Adds Cahill: "The healthcare sector is a key driver of real estate activity in the Fairfield, Westchester and New Haven County markets, and we will look to Sean to leverage his vast experience and network to drive our efforts in building a strong regional healthcare practice. His business approach is a perfect complement to Avison Young's collaborative, client-led service model, and we look forward to the contributions that he will make to expanding our presence."
