

Gordon and Simon of Admiral Real Estate Services Corp. receive CoStar Power Broker Awards

June 08, 2015 - Front Section

According to Admiral Real Estate Services Corp., Jonathan Gordon and Joan Simon have been individually recognized as a CoStar Power Broker by CoStar Group (CSGP), commercial real estate's leading independent research firm. This annual award recognizes the "best of the best" in commercial real estate brokerage by spotlighting the U.S. firms and individual brokers who closed the highest transaction volume in commercial property sales or leases for the entire year of 2014 in their respective market.

As the largest professional research organization serving the commercial real estate industry, CoStar is uniquely positioned to identify the top firms and brokers in each market throughout the U.S. All awards are based on transaction data in CoStar's commercial real estate database, the largest, independently researched database of commercial real estate property information available online.

Gordon and Simon qualified as top brokers in the Westchester / Connecticut commercial real estate market based on the total leasing transactions each closed during the year. In order to be selected for this honor, Gordon and Simon were measured against commercial real estate brokers active in the region by CoStar Group and subsequently ranked among the top brokers in the market.

Admiral Real Estate Services has been the recipient of a CoStar Power Broker designation every year since 2010.

"Every year we are honored to recognize those individual brokers and firms who have outperformed their peers," said CoStar Group founder and CEO Andrew Florance. "These industry leaders have demonstrated exceptional sales and leasing success, and we congratulate them on their achievement."
