Jonathan Gordon, president/CEO of Admiral termed the addition of MKMG as "a great addition to the property." "David Livshin, president/CEO of Dagar, has a business relationship with MKMG and that allowed us the opportunity to present our site as a location for their next urgent care facility," said Gordon.

"With an existing, major presence in Mount Kisco, the opening of an urgent care facility along Rte. 117 was a logical expansion point for the Mount Kisco Medical Group."

"This will be a new traffic generator and another quality tenant to add to our existing mix," said Livshin. The center totals 34,000 s/f.

"We are pleased to now offer urgent care services in Mount Kisco which enables us to better meet the needs of our local community," said Scott D. Hayworth MD, President and CEO of the Mount Kisco Medical Group. "Our new urgent care facility provides the community with easy access to the quality clinical services MKMG is renowned for."

Patients experiencing: cold/flu symptoms, ear, nose and throat problems, eye symptoms, infections, sprains and fractures and more can now visit with no appointment any day of the week.
