The Legends at Whitney - Fairport, NY

Fairport, NY TAYLOR - The Builders is closing in on the completion of The Legends at Whitney, with a key construction milestone. The Legends at Whitney is “topped out,” which is a builders’ rite traditionally held when the last beam (or its equivalent) is placed atop a structure during its construction. In this case, the event was held at the intermediate point of the overall project completion. Residency of the first building, The Willow, is scheduled for July 1st, and completion of the overall development on October 1st.

“We are very pleased with the progress on The Legends at Whitney,” said Peter Landers, owner of Landers Management and co-developer of the project along with Morgan Management. “The team of TAYLOR and its subcontractors have accomplished the topping out in record time, and we are also excited by the leasing activity we have seen for The Legends.
