What trends are you seeing so far this year?

My work focuses on the hospitality industry. I'm seeing an increase in the emergence of brands, be it hotels, assisted living centers or traditional building management companies. Each market segment strives to stand out from the crowd through use of unique yet memorable names, decorative design, and updated yet functional products throughout their properties. I joined Symmons because I believe that I can assist clients in distinguishing their real estate through my new role and our family of products.

What do you do for fun?

I enjoy spending time on the North Fork of Long Island visiting wineries and seeking out dog-friendly cafes!
