

2017 Year in Review: Jennifer Merritt, Merritt Engineering Consultants, P.C.

December 19, 2017 - Spotlights

Name & Title: Jennifer Merritt, Director of Operations & Development

Company Name: Merritt Engineering Consultants, P.C.

Address: 28-08 Bayside Lane, Bayside, NY 11358

Who or what contributed to your success in 2017 and why?

Merritt Engineering expanded its services to include mechanical, electrical, plumbing (MEP) engineering services to provide a one-stop-shop to its clients. Headed by Merritt's VP, Mario Cirigliano and Ken Sullivan, P.E., the MEP division is currently assisting clients with HVAC upgrades, boiler room code compliance, electrical and plumbing improvements, condition assessments and energy analysis projects. This new division has had an amazing first year with great momentum as more and more calls continue to come in for these services. The success of this new division is directly correlated to the knowledge, expertise and masterful execution on projects by our MEP team, and we are grateful and proud to have them on board!
