What was your most notable project, deal, transaction or professional achievement in 2018?

This year we were fortunate enough to design the new 36,000 s/f Corporate Headquarters for Hellen Keller Services in Brooklyn, NY. Our client gave us the latitude to express our design in a way that is a bit out of the "comfort zone" of Corporate Headquarters. The project should be completed by the end of 2018 just in time for the grand opening celebration in January. HKS is very pleased with the outcome thus far and anxious to be fully operating in their new facility by year end.
