Which of your philanthropic endeavors are you most proud of?

I have long admired the mission of the nonprofit organization Canstruction in creating an amazing building competition in order to provide canned food to City Harvest each November. I am fortunate to have had the support of our management—and the interest of our team members—in order to create a WB's Canstruction team three years ago. We love supporting City Harvest, and our team has a lot of fun working together. In 2018, our team was awarded the Cheri Melillo Award for embodying teamwork, enthusiasm and the Canstruction spirit.
