

GBC to honor Build New York award winners in October

August 25, 2008 - Spotlights

A new county Judicial Center, built in a busy downtown area; the largest recreational facility ever built in a New York City park; an abandoned industrial building transformed into a new high school; a boathouse designed by a world-famous architect; a major renovation of a college library.

These are the winners of the 2008 GBC Build New York Awards, who were selected recently by an 11 member jury. They will be honored during a gala awards presentation in October at the WILD Center in Tupper Lake, New York (2007 Winner). Our congratulations to:
