The completion of the Statue of Liberty Museum in May was a major milestone for the firm. We designed the museum to welcome all visitors and convey the inspiring history, message, and significance of Lady Liberty to a new generation of visitors. Working with the National Park Service, the Statue of Liberty-Ellis Island Foundation, and a team of consultants, we are proud to have designed the Statue of Liberty Museum to be enjoyed by millions of visitors every year.

New York will continue to have strong real estate activity as it is a key driver of the nation's economy. Providing additional affordable housing will be a primary concern.
