What is one characteristic that you believe every woman in business should possess?

Where there is a will there is a way. Every woman should believe in themselves and trust their instinct.

What was your favorite job and what did you learn from it?

My favorite job is where I am now, Cohen & Perfetto LLP which is why I have been here for over 15 years. The energy and dedication that we bring to clients no matter how big or small is at the highest level every step of the way. Being in an environment like this, spurs creativity and a true partnership with our clients both from a legal and business perspective.

What would you tell your daughter if she was interested in following in your footsteps?

If you are going to do it, give it your best – don't just be mediocre!
