

## **Commercial Real Estate Guide: Energy Consultant: About Evolution Energy Partners**

January 19, 2021 - Spotlights

Evolution Energy Partners (Evolution Sustainability Group) is a full-service energy management, engineering, and consulting firm offering best-in-class sustainability, energy efficiency, procurement, and analytical solutions. Our mission is simple—to advise, design, procure, and build solutions that provide measured value to our client’s sustainable footprint. We do this through effective energy management and increased efficiency while maximizing savings to the organization. EEP’s customers enjoy a positive impact on the bottom line by leveraging a comprehensive suite of services that mitigate risk, enhance stakeholder/asset value, and provide a foundation to increase corporate citizenship and sustainable practices.

Energy expenses are the second largest expense category in the commercial sector—working with a trusted energy consultant can significantly impact annual energy costs. How organizations use energy is an important factor in managing energy spend. Our comprehensive suite of services, support both the supply and demand side of energy spend.

### **Supply Procurement Strategies**

With current energy prices coming off extreme lows, now is the time to lock in long-term contracts. Savings of up to 20% can be realized. Partnering with EEP adds an extra layer of assurance through energy risk management services. EEP’s team analyzes market dynamics and client budgetary and risk guidelines, to create a customized program specifically for your organization.

### **Energy Efficiency and Sustainability**

Energy efficiency and sustainability initiatives can reduce utility spend by up to 30% a year. The EEP engineering team provides fully implemented turnkey energy efficiency projects with strong return on investment (ROI). To get started, EEP conducts thorough facility audits at no cost or obligation. With available rebates and incentive programs, many projects require no up-front capital to start.
