September 08, 2020 - Long Island

Garden City, NY Janover LLC, one of the New York region's leading public accounting firms, has been named as one of the country's Top 200 Accounting Firms for the 10th consecutive year by INSIDE Public Accounting (IPA). Janover is ranked as the 115th largest accounting firm in the U.S.

"It's truly an honor to be recognized consistently amongst the nation's leading accounting firms," said Mark Goodman. "Janover continuously strives to set the bar higher and build value for our clients, employees and community. Janover provides a unique boutique environment that combines the personalized service delivered by a smaller firm and the technical expertise offered by the larger firms." Goodman said.

INSIDE Public Accounting's Survey and Analysis of Firms and the resulting report on the nation's largest accounting firms has served as a barometer of the overall health, challenges and opportunities of the profession. The IPA survey and report is the gold standard within the profession. Annually, more than 500 accounting firms across North America complete the in-depth financial and operational survey. The data is then used to compile the annual ranking of the nation's largest accounting firms, which is unveiled in August of each year.
