What recent project or accomplishment are you most proud of?

Being part of CNY. When the pandemic hit there was so much uncertainty and fear in the world, our whole company really banded together, going above and beyond to support and think of each other. We are such a traditional industry and it was amazing to see the switch over to working remotely. Behind the scenes different teammates went out of their way to make sure their colleagues were able to seamlessly transition into our new virtual world. Using a collective voice, we worked tirelessly on strategic plans for how we could best support our clients and partners. I am honored to be part of this amazing team that has been unceasingly working and thinking about the wellbeing of others.
