

PWC honors 40 under 40 Outstanding Women in Construction

December 01, 2020 - Owners Developers & Managers

New York, NY The national organization of the Professional Women in Construction (PWC) is happy to announce this year's 40 Outstanding Women in Construction under 40 years of age! With a record number of nominations, the 2020 list brings the organization together during a year of uncertainty and challenges, to recognize the outstanding women who have shown commitment to the architecture, engineering and construction (A/E/C) industry across all PWC Chapters, Boston, Connecticut, New Jersey, New York and Philadelphia.

Historically, the organization recognizes 20 women under 40, and only from the founding Chapter, New York. This year, in conjunction with their 40th Anniversary, National invited all PWC Chapters to submit nominations and increased the number of honorees from 20 to 40. Honorees were chosen by a selection committee, which included representation from each chapter.

The 40 Under 40 recipients will be honored during the PWC's 40th Anniversary Celebration. The virtual celebration will be held on Thursday, December 10, 2020, from 5:30 PM to 8:30 PM, and is a black tie event. Aside from the awards portion, the event will also include networking, a program and entertainment like a photo booth and mixologist.

For more information about the 40 Under 40 Awards program or the anniversary celebration, visit the event page, www.pwcusa.org/event/40th-anniversary-celebration/.

Professional Women in Construction (PWC) is a national, nonprofit organization founded in 1980 that seeks to support, advance, and connect women and promote diversity within the architecture, engineering, construction, (AEC) and related industries. Membership is open to professional women and men, private companies and public agencies in construction and allied industries. Please visit the PWC website for more information.
