Westbury, NY IREON welcomes Bargold Storage Systems onto its membership roster to hold the exclusive Interior Storage Units category. The firm will be represented by Jordan Goldman, owner; Joshua Goldman, owner; and Brian Fink, head of business development, who were recommended by IREON members, Megan Grand, MTG Creative Group and Scott Lawrence, Lawrence Environmental.

Bargold Storage is a 35-year old, family-run business that has devised an ingenious concept to solve the storage problem that benefits the trifecta of tenants, landlords and boards throughout the Greater New York Metro area. Led by cousins Josh and Jordan Goldman, Bargold builds custom steel storage units on-site in existing residential buildings, turning under-utilized building space into a valuable amenity for both owners and residents.
