

Kings Capital Construction named a fastest-growing private company in NYC Metro by Inc. Magazine

August 24, 2021 - New York City

New York, NY Inc. Magazine revealed that Kings Capital Construction is No. 127 on its second annual Inc. 5000 Regionals: New York City Metro list, the most prestigious ranking of the fastest-growing New York City area based private companies.

“My partner, Mike, and I are humbled by this honor and recognition. Ultimately, our company’s success is a tribute to our outstanding employees who are committed to excellence. As leaders, we are responsible for creating an environment that is effective, supportive, and authentic. We know it is critical that we create value for everyone along the way because the relationships we build are the primary contributors to our track record of success,” said JD Summa, CEO and president.

Born of the annual Inc. 5000 franchise, this regional list represents a unique look at the most successful companies within the NYC area economy’s most dynamic segment—its independent small businesses.

The companies on this list show stunning rates of growth across all industries in the New York City area. Between 2017 and 2019, these 250 private companies had an average growth rate of 214 percent and, in 2019 alone, they employed more than 48,000 people and added nearly \$9 billion to the NYC Metro area economy. Companies based in Stamford, Connecticut, New York City, and central New Jersey brought in the highest revenue overall.
