What recent project, transaction or accomplishment are you most proud of?

In New York, the ability to keep each other going in real estate becomes a necessity. At NYCAN, the business-to-business relationships power the network community of everyday construction and repair. What would we do without each other? We would be without the basic materials and efficiency to get the job done. With sites as busy as Grand Central, to the prestige Columbia University it takes a long list of professional well-rounded individuals to keep New York beautiful. I can say I'm proud to have such individuals as a community to keep New York a landmark of impressive real estate.
