

Simone Development presents scholarship to Stith at the New Bronx Chamber Women of Distinction luncheon

April 25, 2023 - Front Section

Bronx, NY For nearly two decades, the New Bronx Chamber Women of Distinction luncheon has shone a spotlight on the remarkable achievements of women leaders. This event not only honors the accomplishments of current trailblazers but also empowers future leaders by providing scholarships to young women pursuing higher education.

Simone Development Companies is continuing their partnership with the Chamber by sponsoring one of their scholarships. This year, Simone had the honor of presenting the scholarship to Bianca Stith, a student from Pelham Lab High School. Bianca's passion for DNA coding and pathology has been nurtured during her internship at the Albert Einstein Research Center and she intends to study Neuropsychology at SUNY New Paltz this fall.

At the event, Joanna Simone, principal & president of leasing and property management operations at Simone Development Companies, and Patricia Simone, principal & president of Simone Management Group, represented Simone. Both were honored to be part of this incredible celebration of women leaders in the Bronx and look forward to continuing their support of this initiative.
