

## **2023 Ones to Watch Rising Stars: Luke MacDougall, Shawmut Design and Construction**

May 16, 2023 - Spotlights

Luke MacDougall  
General Superintendent

## Shawmut Design and Construction

Number of years at firm: 11

One thing on my bucket list: I thoroughly enjoy immersing myself in different cultures and getting to know new people, so becoming fluent in Spanish is a personal aspiration of mine. By learning Spanish, my hope is to connect with a wider variety of people, allowing me the opportunity to learn about different cultures and understand different perspectives.

When I am not working, I am: During the week, my wife and I enjoy cooking dinner together. It's a great way to unwind after work and it gives us a chance to catch up on each other's days. On weekends, I love exploring the different restaurants around the city with friends, and when the weather is warm, I try to spend as much time as possible outside.

What recent project, transaction or accomplishment are you most proud of? My team recently completed four different projects during the off-season at Citi Field for the New York Mets. On a fast-paced schedule, we upgraded the ballpark with new premium clubs, left field flex space, and revamped suites. I am proud of this project and my team, as we worked tirelessly to complete the work before the home opener. Completing projects like these make me proud to be part of a team that values hard work and determination.

What makes this nominee a RISING STAR?

"Luke's leadership drives those around him to perform at a higher level. He is committed to helping everyone become better at what they do—and has the skills to manage many different working styles. He also is always looking to grow by expanding his own knowledge and skills." - Joe Picaro, Director of National Field Operations at Shawmut Design and Construction
