

2023 Year in Review: Denis Leff, Suffolk

December 26, 2023 - Spotlights

Denis Leff
Director, Digital Engineering

Suffolk

What emerging trends will drive investment and development in 2024? In 2024 and beyond, advanced technologies including sensors, IoT hardware and software development tools will become increasingly integrated with AI capabilities as the smart-building transitions to the intelligent-building. Suffolk is already leveraging hardware solutions like WINT, which learns and detects building water usage to prevent flooding and save owners millions.
