Metro Walls

“As Business Development – NY, Ginine has played an integral role in the growth of Metro Walls’ New York branch through building relationships, attending industry events, and working closely with our VPs of NY to bring in new and exciting opportunities to our New York office.” - Taylor Prime, Marketing Communications Manager at Metro Walls.

What do you like best about being a woman in the AEC industry? The women are remarkable! Whether they’re working in the field, in the office, or driving business development, their diverse roles contribute to the greater goal. It doesn’t take just one person to build something, and playing a role in accomplishing the end result and building something beautiful together is inspiring.

What is your favorite building in New York? I love Hudson Yards! Even though I am terrified of heights, I conquered my fears a few weeks ago and experienced the most spectacular view of NYC from the Edge.
