Caren Amicone
Senior Project Manager

Consigli Construction Co., Inc.

“Caren Amicone is a leader at both Consigli and in the construction industry. With more than two decades of experience delivering complex and challenging projects that have helped shape the region and its communities, her efforts help expose the future women in construction through hands-on learning experiences and mentorship.” - Bill Allan, Director of Operations – New York/Tri-State Region at Consigli Construction Co., Inc.

What do you like best about being a woman in the AEC industry? The strongest project teams are diverse. When the team has a variety of experiences, views, and problem-solving techniques, it's a better result. Being a woman in construction, and often the only one on a project team, allows me to bring a unique perspective that would not have been heard otherwise.
