What do you like best about being a woman in the AEC industry? I enjoy the AEC industry overall because of the daily challenges that are overcome. I am able to build and see the amazing transformation of NYC spaces and the talented people I encounter and get to work with every day.

What is your favorite building in New York? My favorite building in NYC is the Empire State Building. It is such an iconic building and an integral part of the NYC skyline. I love the changing colors each day and it was featured in one of my favorite movies, “Sleepless in Seattle.”
