

EP Engineering showcases licensure and nation-wide portfolio

April 30, 2024 - Design / Build

Manhattan, NY EP Engineering, a community-oriented MEP firm, have showcased the firm's licensure and its portfolio of projects spanning across the United States. With licenses in the tri-state area and key states nationwide, EP Engineering continues to exemplify excellence in engineering services while upholding corporate responsibility with integrity and thoughtfulness.

"We are excited to showcase our nationwide reach and the diverse range of projects we've had the privilege to work on," said Giovanni Melendez, partner of EP Engineering. "From healthcare facilities to retail stores and restaurant chains, our team's dedication to quality engineering solutions has made a significant impact nationwide."

EP Engineering's portfolio features a myriad of projects. Notable among these are healthcare facilities like CityBlock Health, with locations in NC and NY, Dental Offices in PA, Medical Clinics in CA and DC, and NYU Langone Medical Center in NY.

Retail stores including Clean Market, Vuori Clothing and Hive & Colony have benefited from EP Engineering's expertise across multiple locations in various states. The firm has also contributed to the success of restaurant chains such as Bluestone Lane Coffee, Cha Cha Matcha, and McDonald's, with locations spanning different regions of the country.

EP Engineering's services include HVAC, electrical, fire alarm, plumbing & fire protection engineering, backflow preventer filing, benchmarking (Local Law 84), critical systems - emergency power systems, data centers, commissioning, energy audits, retro-commissioning (Local Law 87), green building design, LEED certification, passive house design, and telecommunications design.

"Our mission at EP Engineering is to provide the highest quality engineering services while promoting efficiency and environmental stewardship," said Smith. "With our commitment to staying updated on the latest construction news and laws nationwide, we ensure our clients receive the most innovative solutions."

EP Engineering also engages with philanthropic allies, furthering its mission to create a beneficial influence in the community.
