

IREON Insights: Total Fire Protection celebrates one year anniversary of new headquarters

October 29, 2024 - Front Section

Woodbury, NY Total Fire Protection celebrated the one-year anniversary of its headquarters at 111 Crossways Dr. West. The grand opening marked a milestone in the company's growth, positioning it as a leader in fire and life safety services.

The \$6.5 million project, spearheaded by Total Fire Protection owners Joseph Capone and Robert Catalano, has been a cornerstone of the company's continued success. As the visionaries behind the development, they led the project and provided the construction financing, ensuring it would meet TFP's expanding needs while reflecting its commitment to excellence.

A Collaborative Effort for a World-Class Facility

The project team, including the renowned Spector Group as architects and engineers and Unity Construction as the general contractor and construction manager, worked harmoniously to deliver a top-tier facility. From conception to completion, the project exemplified quality, innovation, and collaboration.

Capone and Catalano's dedication to the vision ensured that the team, including all architects, engineers, and construction professionals, worked seamlessly to bring the new headquarters to life. With Unity Construction overseeing the project management, the development was completed on time and within budget, showcasing a new hub for Total Fire Protection's growing team.

A Testament to Growth and Innovation

Total Fire Protection's new headquarters offers an enhanced work environment that allows the company to serve its clients better while fostering innovation and efficiency. The new facility supports the company's mission to provide comprehensive fire protection services, including the installation, inspection, and maintenance of fire alarms, sprinklers and suppression systems, all designed to safeguard what matters most.

This year has been one of reflection and celebration. The new space has enabled Total Fire Protection to expand its operations and solidify its role as an industry leader, servicing commercial properties across the region with unmatched expertise.

Looking Ahead

As Total Fire Protection enters its second year in the new headquarters, the company remains committed to its mission and the continued success of its clients. "This building is more than just a headquarters; it represents our vision for the future, our commitment to protecting what matters most, and our dedication to providing top-tier fire protection services," said Joseph Capone.

With continued growth on the horizon, Total Fire Protection looks forward to further expanding its reach, offering innovative fire and life safety solutions while maintaining the highest service standards. The one-year anniversary of the new headquarters is not just a celebration of a building but a testament to the hard work, dedication, and collaboration that made Total Fire Protection the

company it is today.
