## NYCAN Builders

What was your greatest professional accomplishment or most notable project, deal, or transaction in 2024?

In 2024 we completed our largest project to date on Long Island. This was not an easy project but by far one of the most interesting projects we have worked on. My team is the reason for our continued success. I am overly grateful to my incredible team of professionals who pride themselves on the successful execution of all projects completed in 2024. We are grateful to our clients for trusting us to deliver time and time again. Looking very forward to 2025.
