

Company Profiles - O&S Associates

August 07, 2009 - Owners Developers & Managers

O&S Associates, Inc. is a diversified and multi-disciplined consulting engineering firm. The major areas of focus and concentration of the firm are:

- * Planning, design and restoration of multi-level parking structures.
- * Exterior building façade evaluations and roof assessments, including architectural, structural, mechanical and electrical systems.

The principals of the firm are Orlando Ballate, PE and V.P. Samy, P.E. The two principals are registered professional engineers with over 25 years of experience in the parking industry. They both have been involved in planning, design, feasibility study, condition surveys and construction of parking facilities and structures. The staff at O&S Associates are experienced engineers and architects that have completed numerous successful projects for satisfied clients saving them money by reducing construction costs while enhancing durability through unique designs combined with careful materials selection.
