

Fifteen from H2M earn USGBC's LEED AP status

August 24, 2009 - Long Island

The formation of the H2M Sustainability Group has inspired more and more staff members to become LEED Accredited. According to H2M, an architectural, engineering, planning and environmental services firm, Stephen Cluff, P.e.; Alison Auriemmo; Jessica Soskil; Matthew Moroney; Jason Smith, R.A.; Robert Ikes, R.A.; Renee Marcus AIA; Steven Hearl, P.E.; Daniel Meehan, AIA; Michael Keffer, P.E.; Zhong Ren, R.A.; Leoncio Torres; Sui Leong, P.E.; Natalie Kovac and Francisco Isenberg have all earned the U. S. Green Building Council's Leadership in Energy and Environmental Design (LEED) Accredited Professional (AP) status; bringing H2M's total to 33.

LEED Professional Accreditation distinguishes building professionals with the knowledge and skills to successfully steward the LEED Certification process.

Cluff joined H2M in 2007 and has over 10 years of engineering project management experience. He currently works as a senior project engineer in the wastewater division.

Auriemmo joined H2M in 2006 and presently works as a staff engineer in the water resources department.

Soskil joined H2M in 2007 and presently works as a staff architect in the firematics architecture division.

Moroney joined H2M in 2007 and presently works as a project coordinator in the retail/private architecture division.

Smith joined H2M in 2002 and presently works as a project architect in the education architecture division.

Ikes joined H2M in 2004 and presently works as a senior project architect in the retail/private architecture division.

Marcus, AIA has been with H2M for 7 years and presently works as a senior project architect in the education architecture division.

Hearl, P.E. joined H2M in 1983. He has over 27 years experience and presently works as a senior wastewater engineer in the wastewater division.

Meehan, AIA, CSI, joined H2M in 1998 and presently works as a senior architect in the education architecture division in both New York and New Jersey.

Keffer, P.E. joined H2M in 2008 as the department manager in the civil engineering division and has over 22 years experience in civil/site engineering.

Ren, R.A. joined H2M in 2007 and presently works as project coordinator in the private/retail sector studio.

Torres has been with H2M for 3 years and presently works as a project coordinator in the firematics architecture division.

Leong, P.E., vice president, joined H2M in 1986 and has over 20 years of experience in the field of

municipal and environmental engineering, hazardous waste management, remedial investigation and design and regulatory compliance.

Kovac joined H2M in 2009 and presently works as a staff engineer in the HVAC engineering department.

Isenberg joined H2M in 2008 and presently works as a staff engineer in the HVAC engineering department.
