Less than 18 months after breaking ground, The Clarett Group, developer, is now celebrating the grand opening of FortÃ© Condominiums. The luxury property is now offering purchasers the opportunity to close and move in by the end of the year. Featuring architecturally significant homes with sensational views, FortÃ© offers incredible value in a vibrant and historic brownstone neighborhood.

"We are astounded at the views from FortÃ©," said Veronica Hackett, The Clarett Group's managing partner. "Even we had not imagined they could be this spectacular. You absolutely must see the views to believe them."

Four model homes on the 26th floor of the building have recently been unveiled in celebration of FortÃ©'s grand opening. Previews are available seven days a week where potential purchasers can experience first-hand the incredible views that set FortÃ© apart from its competitors.

FortÃ© features 108 homes offering private living, with no more than four residences per floor.
