

The Streisand Team at Sterling National Mortgage to offer jumbo loan products

November 06, 2009 - Financial Digest

According to The Streisand Team at Sterling National Mortgage, it has recently made jumbo products available. Jumbo loans are mortgages in which the loan amount exceeds the industry-standard definition of conventional conforming loan limits. Jumbo mortgage loan options are similar to traditional loan programs, requiring only a slightly higher down payment, usually an additional 5% for similar program types.

Currently, the jumbo market is back and jumbo mortgages have returned with competitive pricing. The Sterling National Mortgage Portfolio program offers a wide range of benefits, including: Jumbo Loans ranging from \$730,000 to \$1,000,000; 30 Year Fixed Mortgages at 5.75 percent; availability in New York, New Jersey, and Connecticut; and extended loans for Single Family Homes, Condos and Co-Ops.

The Streisand Team offers flexible plans to meet individual loan needs relating to:

- * 5-year adjustable mortgage rates
- * 7-year adjustable mortgage rates
- * 10-year adjustable mortgage rates
- * 30 year fixed mortgages
- * 15 year fixed mortgages.
